

HIGH CLASS

German “HiFi Test” (10-2019) reviewed our THDA-500T v.2 headphone amplifier and rated it with 4 stars (on 5 maximum) for the sound quality in the HIGH CLASS category!

Conclusion

The Taga Harmony THDA-500T v.2 is a posh DAC / headphone amplifier that conveys music honestly and charmingly. If you like to see, you can hear it better.
