

TWA-10B  
YEAR AWARD!

**AUDIO**  
Video

27-January-2023

“AUDIO Video” **2022/2023 YEAR AWARD** for the best streaming player in the economy class goes to TWA-10B!

#### **2022/2023 YEAR AWARD - STREAMING PLAYER - ECONOMY CLASS**

*We start our annual list with the least expensive product. TAGA TWA-10B is a rather inconspicuous streamer for just over 150 Euros. It is an excellent proposition for entry or lower-mid level systems' owners - both those conventional and those based on active speakers, and without network connectivity. A firmly made device with an aluminum housing is equipped with two types of outputs: analog RCA and digital, which broadens the range of applications. Key features include: Spotify Connect, Tidal Connect, UPnP and Bluetooth. Recommended apps provide a convenient control and access to a wide range of streaming platforms. The digital-to-analog section uses the ESS Technology ES9023 converter, while the power supply is external, 5-volt, which allows for easy upgrades.*

***In terms of sound, this player cannot be criticized - it offers a non-fatiguing, slightly vivid sound with the correct balance of registers, good stereophony, sufficient precision and dynamics.***
